(Successful)

4. Did the Comprehensive Plan process incorporate diverse voices within the community? If not, who did we miss?

5. Did you have ample time to hear and consider comments from community members?

6. Do you remember receiving e-newsletters? If so, did you find them helpful?

7. Name a public process highlight.

8. Name a public process low point.

9. What is your advice for making future public planning processes successful?

10. List one additional topic or action step that is not currently in the plan but should be included.

11. Any additional comments:
